

## **Pasinex Clarifies Technical Disclosure**

**TORONTO, ON – December 6, 2018** – Pasinex Resources Limited (CSE: PSE) (FSE: PNX) (“the Company”) today announces that as a result of a review by the British Columbia Securities Commission (“BCSC”), the Company is issuing the following news release to clarify its disclosure.

The Company filed a technical report for the Pinargozu Mine, dated December 20, 2017 (the "**Technical Report**"). The issues identified by the BCSC involve disclosure made by the Company that is not fully compliant with National Instrument 43-101 *Standards of Disclosure for Mineral Projects* (“NI 43-101”). The Company would like to advise that the mineral resources disclosed are not supported by a compliant NI 43-101 technical report and Form 43-101F1 and they should not be relied upon until they can be supported by a compliant technical report.

The Company intends to file an updated technical report on the Pinargozu Mine to clarify and correct previous disclosure that were not compliant with NI 43-101. The Company will be working with its independent geological consultant, CSA Global Pty Ltd., to prepare and file the updated technical report.

This news release has been reviewed and approved by John Barry, M.Sc., P. Geo., who is the Company’s Vice President of Exploration and a qualified person under the definitions established by NI 43-101.

### **About Pasinex**

Pasinex Resources Limited is a Toronto-based mining company which owns 50% of the producing Pinargozu high grade zinc mine and, under a Direct Shipping Program, sells to zinc smelters / refiners from its mine site in Turkey. The Company also holds an option to acquire 80% of the Gunman high-grade zinc exploration project in Nevada. Pasinex has a strong technical management team with many years of experience in mineral exploration and mining project development. The mission of Pasinex is to build a mid-tier zinc company based on its mining and exploration projects in Turkey and Nevada.
